COMPANY OVERVIEW

AndTech Solutions specializes in information technology consulting and training services for businesses and organizations of all sizes. Since inception, AndTech Solutions has been committed to being at the forefront of technology and compliance/regulation, enabling us to meet the ever-changing needs of our clients. AndTech Solutions has provided its clients with a variety of services.

CORE COMPETENCIES

Here are our main core competencies to better enable us to meet the needs of our clients:

- Expertise with Trizetto, now Cognizant, Core Administration and Care Management IT Solutions. Includes Clinical CareAdvance® (CCA), FACETS™ and QNXT™.
- Project Implementation Specialists
- Business Analysis
- Project Management Expertise
- Quality Analysis Testing and Evaluation
- Technical Documentation Creation
- Customized One-Button Solutions for Small Businesses

WHAT MAKES US DIFFERENT

Here are some of our key differentiators:

- We are subject matter experts in CCA with 10 years of implementation experience.
- We are fluid and can adapt to any management style whether Agile, Waterfall or a hybrid of the two.
- We are technically adept, even without exposure to a client's particular software or business model.
- We can help you fill the gaps in any project; from business analysis to quality assurance testing.
- We have a reputation for successful project execution, on-time and on-budget.
